**Teacher!Teacher!! Announces Winner of The First Ever
#ArtAttackNaija Contest**

Teacher!Teacher!!, a company committed to helping Nigerian children between the ages 3 and 16 years think creatively and critically has announced three winners for the maiden edition of its #artattacknaija contest.

The #artattacknaija contest focused on 'interactive or ambient art' where one had to specifically use a cotton bud (like the woman pounding yam with a cotton bud in the picture above) in a creative way that looked 'natural'.

The Contest was launched on Instagram on August 28, 2020 and ran until September 2 nd with great entries from children and young adults in Nigeria. Teacher!Teacher!! gave N20,000 to the winner and the two runners-up took home N15,000 and N10,000. Instagram user, @ceelee_pha won the first prize, @ali_the_.artist won second prize and @bolutifezz claimed the third prize.
